Krishna Ajaysing Patil

Full-Stack Web, Android, AI and Game Developer | Information Technology Engineering Student

Nashik, Maharashtra, India | dhanadai.krishna@gmail.com | 8080690631

Portfolio: https://krishna-patil-rajput.vercel.app/ | GitHub: https://github.com/Krishna67890

LinkedIn: https://www.linkedin.com/in/krishna-patil-rajput-b66b03340/

PROFESSIONAL SUMMARY

Third-year Information Technology engineering student who builds and ships practical software: responsive web applications, a native Android app for a freelance client, AI-powered products using Retrieval-Augmented Generation (RAG), and interactive games. Began web development in school (10th to 11th) and progressed to React and full-stack development with Next.js, Node.js, Express.js and MongoDB. Experienced in integrating APIs, deploying projects online, and working directly with a client on requirements. Seeking software development internships, entry-level developer roles and freelance projects in Full-Stack Web Development, Android Development and AI.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, React.js, Next.js, Vite, Tailwind CSS, Bootstrap, GSAP, HTML5 Canvas, DOM Manipulation, UI/UX design principles
Backend and Databases: Node.js, Express.js, REST APIs, API integration, Nodemon, Firebase, MongoDB, SQL (fundamentals)
Mobile Development: Android Studio, Java, Kotlin, React Native
AI and Machine Learning: Generative AI, AI application development, Retrieval-Augmented Generation (RAG), prompt engineering, AI agents, Google ADK, AI chatbots and web automation
Game Development: Godot, Unity, HTML5 Canvas, JavaScript
Programming and Data: Python (basics), Matplotlib and Seaborn (data visualization, workshop level)
Tools and Platforms: Git, GitHub, Vercel, Render, Blogger

PROFESSIONAL EXPERIENCE

Freelance Software Developer | Client Projects, Nashik, Maharashtra, India

New Samadhan Shoes Mart | E-commerce Website and Android App

Website: https://new-samadhan-shoes-mart.vercel.app/ | GitHub: https://github.com/Krishna67890/new-samadhan-shoes-mart.git

- Developed an e-commerce website for a real footwear retail client, with product browsing and categories for men's, women's, sneakers, formal and kids' footwear.
- Implemented WhatsApp-based ordering to help customers contact the store and place orders.
- Developed a companion native Android application to extend the shopping experience to mobile users.
- Earned Rs. 3,000 for delivering the client project.

Fitness Temple / Rajarajeshwari Fitness Arena | Gym Website and Member Portal

Website: https://fitness-temple-gym.vercel.app/

- Developed a gym website with Firebase Authentication and role-based access for members, trainers and the owner.
- Implemented attendance management with data export, and review functionality for members.
- Added interactive tools: daily workout routine and diet plan viewer, goal-based routine generator, equipment catalogue, BMI calculator and an embedded 3D gym tour.
- Received gym membership or services valued at Rs. 1,400 as non-cash compensation for the project.

PROJECTS

KrishnaStores | Digital Marketplace for Books, Games and Digital Products

Website: https://krishnastores.vercel.app/

- Designed and developed a responsive storefront for browsing and discovering digital books, games and other digital products.
- Structured the product catalogue and store layout for clear navigation across product types; built and deployed the frontend on Vercel.

BrewMind AI | AI Coffee Recommendation App (RAG and Google ADK)

GitHub: https://github.com/Krishna67890/BrewMind-AI-Coffee-Recommendation-App-with-RAG-Google-ADK

- Built an AI-powered coffee recommendation application using Retrieval-Augmented Generation and Google ADK.
- Worked with a catalogue of 32 products across five categories to ground recommendations in real product data; deployed the backend on Render.

Other Projects

- **Frontend and React applications:** responsive websites and single-page apps with reusable components, state management, animations and mobile-friendly layouts (HTML, CSS, JavaScript, React.js).
- **Full-stack projects:** applications with routing, server handling, database integration and API-based data fetching (Next.js, Node.js, Express.js, MongoDB, REST APIs, Nodemon).
- **AI chatbot and web automation:** chatbot applications that handle user queries and perform web-based actions using APIs (JavaScript). Other AI projects: MindVault AI, WildGuard AI.
- **Android applications:** academic projects covering UI development, application logic and user interaction (Java, Kotlin, Android Studio).

- **Games:** projects with gameplay mechanics, physics interaction and UI systems (Godot, Unity); browser-based games and mobile-optimised interactive tools for Blogger (HTML5 Canvas, JavaScript, CSS).

EDUCATION

Bachelor of Engineering, Information Technology (currently in third year)
Matoshri College of Engineering & Research Centre, Nashik, Maharashtra, India

CERTIFICATIONS AND TRAINING

Completed courses and training programs

- Python Complete Course for Beginners, Udemy (Jan 18, 2026)
- Cyber Security Essentials 101, Google Developer Groups on Campus, MET Institute of Engineering (training program, Jan 2–3, 2026)

Workshops and masterclasses attended

- Spotify's Data Visualization with Matplotlib and Seaborn, Fynd Academy (workshop, Aug 16, 2024)
- Top 10 Must-Know MERN Interview Questions, Fynd Academy (masterclass, Sept 13, 2024)
- JavaScript DOM Manipulation in Action, Fynd Academy (masterclass, Sept 27, 2024)
- Full Stack Development Internship Program, Edureka (demo session attended; not an internship)

HACKATHONS AND EVENTS

- Participant, Hacktoberfest Grand Hackathon 2025, Google Developer Groups on Campus
- Participant, Cloud Native & AI Info Session, Cloud Native Community Groups Nashik and Google Developer Groups on Campus
- Attendee, All India Career Summit, Aptus Technologies

PUBLICATIONS

- **The Digital Survival Guide:** published book (author) covering money, scams, privacy, AI and internet safety
- **Why Was I Only an Option?:** published as publisher; credited to its original author

PERSONAL PROFILE

Father's Name: Ajaysing Patil
Gender: Male
Languages Known: English, Hindi, Marathi
Permanent Address: Jail Road, Nashik Road, Nashik, Maharashtra, India
Nationality: Indian

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.

Date: 28/10/2026
Place: Nashik
